They need to understand how Roman numerals work in order to understand the past. Using the key below, see if you can figure out what year they completed work on the hall.

M = 1,000, D=500, C=100, L = 50, X = 10, V = 5

What year do you think they finished the work?

M + D + C + C + C + L + X + X + X + V =
